

INSTALLING D2 Series Bulbs by www.CARHIDKITS.com

This is a very basic guide showing how to replace a D2S/D2R bulb from a vehicle equipped with HID from the factory. This is a very easy procedure that can be done by most people. Some vehicles you may need to remove the headlamp to make the installation due to limited space.

Step 1: Remove any caps behind your headlight

Step 2: Remove the plug from the back of the bulb.
